

Allotment Update

Progress has continued with the Haxey Parish Council Allotment Project. Further meetings have taken place with the Haxey Parish Allotment Holders Association and local Cove Road residents. The Cove Road residents have been brought up to date on plans for the "Sandpiece" site and reassured that they will be appropriately involve with the Project as it progresses. A Tender Board to select a Contractor to carry out the preparatory work on the Cove Road site took place on 28th July and the preferred Contractor was endorsed by Haxey Parish Council at its last meeting.

The Allotment Association has continued the development of its Constitution and agreement paperwork for individual Allotment Tenants and the Chairman of the Association, Steve Brown, is seen in the picture signing the agreement with Haxey Parish Council Clerk, Deb Hotson, in the presence of Cllrs John Smedley, Dave Knowles and Ron Allcock on 28th July.

Next steps will include the final agreement with the Parish Council, the Contractor, the Allotment Association and local Cove Road residents on the layout of the site, prior to commencement of work, which is expected to be complete by the end of September 2009.
