

HAXEY AND WESTWOODSIDE

The current priorities for this area are as follows:-

1 = Poaching within the South and Central Wards of the Isle of Axholme. Recently a system has been produced regarding work practices of dealing and reporting incidents in conjunction with local farmers. Offenders will be dealt with positively and should any incident be reported after the offenders have left the area then evidence will be gathered for any future subsequent police action or intelligence purposes, we are also working closely with our neighbouring police services in Humberside, South Yorkshire and Nottinghamshire.

2 = Westwoodside Playing Field and Local shops. Incidents of criminal damage and vehicles being driven in an anti-social manner within the park area. Youths have also been acting in an anti-social manner around the local shop. Update = is that there has been a decrease in calls for service, however this may be due in part to the adverse weather conditions. The police will continue to monitor the situation over the next month and gauge where the priority has subsided.

3 = Greenhill, Haxey parking issues around the local shop. Police are monitoring the situation at the present time discretion is being used and drivers are being advised (several warning letters have been posted) but consideration will be given in the future to the offence of obstruction should people not heed the advice given. The Neighbourhood team are working closely with the shop owner to reduce this issue.
