August 2017

**FAO: The Chairman & The Haxey Parish Council Committee (to be read out at the August meeting)**

**Village Car Parking Facility**

The Westwoodside Businesses Action Group would like to pass on to the Committee the following information :-

- We have been informed by Mr & Mrs Stapelton of Shamrock, Uppertorpe Hill, Westwoodside that they own land to the rear of the Carpenters Arms Public House and would be willing to sell some of that land to form a village car park.
- Part of the ground they would be willing to sell was indeed once a car park for their retail horticultural business that has now ceased trading.
- The owners are flexible in the amount of land that would be required for a car park.
- The owners of the land stated that they have a right of access onto their land from Newbigg.

With reference to our letter to the Committee in April 2017, and the suggestion of a village car park (1<sup>st</sup> and preferred option), in this ideal location, this must surely be the way forward, not just for the traffic problems we face now, but also for the future where the current problems we are facing will surely only get worse in the years to come.

Additionally, it has also been suggested that the proposed site would be an ideal location for a Public Toilets Unit. Westwoodside are well behind villages such as Epworth, Belton, Haxey and Owston Ferry whom have all had this basic facility for years.

The Action Group look forward to your response and comments relating to the above, and advise that we will not arrange another Group meeting until we have received a reply from the Committee. As before, we will then notify Councillor Carlisle of the date, time and venue of our next meeting either direct or via the Parish Clerk should he wish to attend.

Yours Sincerely

The Businesses Action Group
