

Haxey Parish Allotment Site

The Association have recently submitted a grant funding application in respect of the Lincolnshire Co-Op Community Champions scheme. The Allotment Association along with 3 other local groups have been shortlisted to receive some grant monies later in the year. If the project is chosen at the end of March 2018 then they could receive between £500 and £1500 in late 2018.

If they are successful they could look to utilise any funds for a combination of the following:- a) £250/£300 for extending the metal fencing to the right of the main gates to fill the gap in the hedgerow which is particularly evident over the winter months b) £400/£500 to purchase a heavy duty second hand shredder c) £170 for a replacement flame gun to help maintain the central path d) the cost of putting down some scalping on all the paths including the car park area .
