VEHICLE PARKING FACILITIES COMMONSIDE, NEWBIGG & BRETHERGATE – LOCAL BUSINESSES
ACTION GROUP

Dear Mr & Mrs Alexander

As you will be aware a local Business Action Group is campaigning for adequate vehicle parking facilities to be provided for customers and staff members around the central shopping area of the village.

We are working together with the Haxey Parish Council to find solutions that would assist in alleviating the present periodic traffic congestion, improve road safety and provide better parking facilities for customers and residents living within the immediate area.

With latter in mind, the HPC Committee have requested that in the first instance, as a Group, we write to yourselves, to ask if you would re-consider allowing some of the local business staff to use your car parking facility during their working hours? (max 8 vehicles) However, we do all understand the reasoning and your position for revoking that previous goodwill, and assure you both, that whatever your response, it will most certainly be amicably accepted by the Westwoodside Businesses Action Group.

Yours Faithfully

Westwoodside Businesses Action Group
