

HAXEY PARISH COMBINED CHARITY

TOOLS OF THE TRADE

Have you left School and going onto further education at the sixth form or onto College?

Have you left College and going onto University?

Have you taken on an apprenticeship?

The Trustees of the Haxey Parish Combined Charity can offer to young people from the Parish, who are learning a trade, either by an apprenticeship, further education (Years 12 & 13) and university education, a bursary to help offset some of the costs in purchasing their Tools of the Trade.

If you are interested – all you need to do is apply in writing to the Secretary of the Charity stating what course/courses you are taking, the location and if there is something specific you would like the grant for i.e. books, equipment or laptop etc.

(Keep your receipts because if you are accepted for a grant these will be required to the monetary amount of the grant).
